

FPC-N Children and Youth Education News March 2017

Even though we are mid-way thru Lent, there is still time to try something new this Lenten season. Trying out a new spiritual practice is something that many people do in Lent. Maybe you weren't ready to commit to forty days of something new but, maybe trying a new spiritual practice could be something that your family could try once or twice over the next few weeks. Spiritual practices don't have to be something complicated or difficult. It could be saying the Lord's Prayer together at meals or bedtime or taking time to talk about "God stuff" when you are riding in the car. It could be drawing or coloring the people or things that you are praying for. Give something new a try over the next few weeks. You never know what might be meaningful.

-Pastor Emma

4th-5th Grade Sunday School

The 4th-5th Grade Sunday School Class has been thinking about all of the ways that we can follow Jesus' example and care for the people around us. They've thought about how they can care for and show God's love to people in their family, their school and their church.

1-3rd Grade Sunday School

The 1st-3rd Grade Sunday School Class continues to work on the Lord's Prayer. Many of them are already able to say it from memory! They have also been thinking about what each of the phrases in this prayer means in their lives.

This class has also been using the books in our children's library to help explore the stories that they are talking about each week in class.

PreK- K Sunday School

The PreK-K Sunday School class has been learning about how they can be more like Jesus by forgiving others, helping others and showing love to others. They are also thinking about and getting ready for the Palm Sunday and Easter celebrations!

What's New with Youth?

On March 3rd, the youth Sunday School class started their new curriculum, *The Story*. In March and April, they will be looking at stories of Jesus' birth, ministry on earth and his crucifixion and resurrection. Their studies will be focusing in on the books of Matthew, Mark, Luke and John as they move thru the stories of Jesus' time on earth.
