

## Fundraising to Support Our Missions

Once a year we hold a fundraising project that is open to the church and the community. The funds that are raised are largely used to support our charities. In 2021 our Fall Festival raised over \$3,000 that was subsequently donated to Newark Welfare, Hope Dining Room, the Friendship House, and others.

The freewill offerings that are collected at Circle meetings support the association as well as our charities.

Several other special offerings are also collected:

- The Least Coin is a monthly collection that is given to the national organization of Presbyterian Women. This is a collection of the smallest coins in our wallets, and it supports special projects of evangelism, service, ecumenical solidarity, relief, and awareness-building among women throughout the world.

- The Thank Offering is collected in November and is also given to the national organization of Presbyterian Women, which uses the funds to support health ministries and other worthwhile projects in the U.S. and abroad
- In 2022 a special offering was taken to support the Guatemalan Project of the Presbyterian Women of the New Castle Presbytery.
